XRT900

LOOKING FOR A COMPACT UTV THAT WILL TAKE YOU OFF THE BEATEN PATH AND TOTE 500 POUNDS OF CARGO?

CONSIDER THE XRT900. The ideal combination of power and performance, the XRT900 is designed for maximum usability. Available in gas or electric with the IQ Plus system that captures and stores energy lost during braking, this vehicle is great for transportation, hunting, handling chores and many other applications. It comes with heavy-duty all-terrain or turf tires and your choice of a tilt bed box or flat bed that carries 500 lb (227 kg). So it can get you and your gear where you want to go.

This two-wheel drive vehicle will meet your need for:

- **Performance.** Choose between an 10.4 hp (7.8 kW) Kawasaki gas engine or an electric 21 peak hp (15.7 kW) IQ Plus System.™ Both feature front and rear leaf suspension with dual hydraulic shocks for a smooth, comfortable ride.
- **Adaptability.** The XRT900 comes with your choice of a rugged steel-sided cargo box or a flatbed as well as loads of options and accessories. And you can easily attach a trailer to the standard 2 in (5 cm) receiver hitch.
- **Sturdiness.** The XRT900 is built on a rustproof twin I-beam welded aluminum frame for long life and good resale value and comes complete with a rear fender kit, brush guard and differential guard. It also features a body that resists scratches and fading. And the vehicle is protected by a two-year consumer warranty, the longest in the industry.
- **Comfort and safety.** You can relax on a roomy bench seat, listen to your favorite tunes on the radio and avoid spills with beverage holders. The vehicle also features halogen headlights to keep you safe and secure after sundown.
- **A long range and peace of mind.** Gas models come with a 5 gal (19 L) fuel tank, fuel gauge/hour meter and low-oil warning light. Electric models also offer a long range and feature a battery warning indicator.

WHAT'S MAKES THE XRT900 A TOP CHOICE?

- Rustproof twin I-beam welded aluminum frame for long life and good resale value
- Your choice of an 10.4 hp (7.8 kW) Kawasaki gasoline engine or a 48-volt electric system with six 8-volt PowerDrive batteries and IQ Plus electric system that captures and stores energy lost during braking
- Your choice of a steel-sided 500 lb (227 kg) cargo box or flatbed
- Your choice of 22 in (559 mm) heavy-duty all-terrain or turf tires
- An ArmorFlex® front body with molded-in color and a UV-protective coating that resists fading, scratching and wear
- A two-year consumer warranty, the best in the industry
- Brushguard, differential guard and rear fender kit to preserve appearance
- Headlights, radio, beverage holder and sports steering wheel, all at no extra costs
- 48-volt, 17-amp, 120-volt AC/48-volt battery charger and battery capacity indicator (electric)
- A long range and peace of mind, thanks to a 7 gal (27 L) fuel tank, fuel gauge/hour meter and low oil warning light (gasoline)
- Lots of options and accessories including a canopy top, windshield and fold-down, rear-facing, two-passenger seat
